SUPPORTING MAINTENANCE EDUCATION PROGRAMS TOGETHER

As presenting sponsor, HD Supply will contribute up to \$6,000* to enhance local apartment associations' programs, such as trade shows, education sessions, and maintenance appreciation days. A contribution will be made to each National Apartment Association affiliate that was scheduled to host a Maintenance Mania® event during the since-canceled September 2020–April 2021 competition season.

HELP YOUR LOCAL ASSOCIATION BY:

- Purchasing products during the promotional period from the sponsors who make Maintenance Mania possible
- Using **Source Code UFN** every time you order during the promotional period†
- Placing your order at **1.800.431.3000** or at **hdsupplysolutions.com/maintenancemaniaman**

WHAT YOU DO IS MORE THAN A JOB

You are the problem solvers. The improvers. That's why HD Supply proudly supports maintenance education by sponsoring events like Maintenance Mania and offering career-accelerating training and certification classes.

EARN UP TO \$6,000 FOR YOUR ASSOCIATION

Use **Source Code UFN**, and for each order placed with HD Supply between April 20–May 28, 2021, we will give a percentage of qualifying purchases to your participating association to use on multifamily industry education programs. Your association could receive a maximum contribution of up to \$6,000 (details at left).*

PAYOUT IS 6% FOR QUALIFYING PURCHASES FROM THE SELECT BRANDS BELOW.

Pfister®

Kwikset®

FRIGIDAIRE®

PAYOUT IS 4% FOR QUALIFYING PURCHASES FROM ANY OTHER HD SUPPLY CATALOG ITEMS.

* The maximum contribution is based on association unit count as reported by NAA. Payouts to NAA members with fewer than 100,000 units are capped at \$4,000. Payouts to NAA members with 100,000 units or greater are capped at \$6,000. To be eligible, the total Net Qualifying Purchases by all of the NAA member's units must be equal to or greater than \$1.00 times the total number of units for such NAA member, as reported by NAA. The payout is calculated as follows: 6% of Net Qualifying Purchases of any A.O. Smith®, Pfister®, Frigidaire®, Kidde® and Kwikset® products, plus 4% of Net Qualifying Purchases of any other product in the HD Supply catalog. "Net Qualifying Purchases" are gross purchases less returns, shipping, and taxes. Special-order and renovation purchases do not qualify for this program.

† Using the source code ensures you will receive the promotional pricing offered by the national sponsors in the brochure and allows HD Supply to track all Net Qualifying Purchases. Qualifying customers only. Images taken before COVID-19 and do not adhere to current CDC face protection and social distancing guidelines.

NEW QUALIFYING PROCESS

In the past, the qualifiers for the Maintenance Mania National Championship events have included the fastest competitor from each of NAA's 10 regions as well as the next 10 fastest qualifiers regardless of location (Wildcards).

Moving forward, the 10 regional winners will still qualify. However, the remaining 10 qualifiers will be the 10 fastest competitors who have never qualified for a National Championship event before ("Rookies").

The purpose of the change is to bring new life to the program and encourage new competitors to get involved with Maintenance Mania.

MICHAEL BAILEY IS YOUR 2020 VIRTUAL MAINTENANCE MANIA[®] NATIONAL CHAMPION

The 2020 Virtual Maintenance Mania National Champion was Michael Bailey, representing the Apartment Association of Greater Columbia.

The 2020 Championship was the first-ever Virtual Maintenance Mania event. The event was a knowledge-based trivia competition, versus the usual series of timed physical challenges. The 20 participants were nominated by their local apartment associations and then qualified by completing a timed online quiz.

The total value of the prize package for winners and finalists was more than \$12,000, disbursed based on overall results and results of individual bracket pools.

CHECK OUT OUR CARBON MONOXIDE GUIDE

Carbon monoxide can be deadly in just minutes if left undetected. In many states and municipalities, the installation of carbon monoxide alarms is required by law. Having carbon monoxide alarms properly placed throughout your facility can help detect unsafe levels of carbon monoxide.
